

Searching and Inserting Graphics into PowerPoint Pixabay

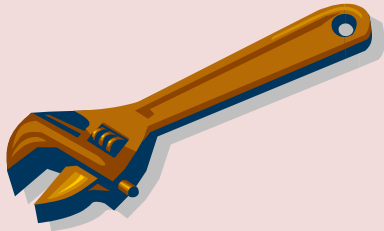

Let's Think First!

- What am I looking for? What words describe it?
- What tools will I need?
- Where might I find what I seek?
- What will I do with it when I find it?
- Do I need to thank the author or maker?

How to Search, Copy & Paste Pictures:

Tools I will Need

1. Open up your **PowerPoint** Presentation.
2. Open up **Pixabay** from FLMC website.
(www.pixabay.com)

I remember...

**My pictures
help tell the
story!**

**How has the polar bear
adapted to survive in a
difficult environment ?**

**Match your
pictures to
your essential
questions
about your
animal.**

How to Search, Copy & Paste Pictures:

How to Search

4. Search your animal in Pixabay search box.
Choose pics **below Shutterstock** pictures.
5. Copy picture onto your clipboard.
6. Click on your PowerPoint presentation.
7. Click where you want to put the picture and right click – use your ring finger.
8. Click on paste, then **save your work!**
